Table caption: studies excluded after full-text screening

Excluded studies	Reason for exclusion
Safdie et al. 2009 [1]	Excluded since it did not meet the inclusion criteria concerning the intervention. (different fasting regimen including, but not limited to KD were used)
Furukawa et al. 2018 [2]	Excluded since only the abstract was published in English, while full text was only available in Japanese, therefore not meeting the Language restrictions.
Chu-Shore and Thiele 2010 [3]	Excluded because it reported only on patients with tuberous sclerosis complex and therefore did not meet the patient specific inclusion criteria.
