A: adjusted confounder; N: unadjusted confounder; NR: not reported; E: confounder as excluded criteria; BMI: Body Mass Index;

[a] whether recorded early events of PTB and/or LBW and/or SGA

[b] whether recorded pregnancy copmplication such as preeclampsia and/or pregnancy-induced hypertension and/or gestational diabetes mellitus

[c] whether recorded genitourinary tract infection and/or chorioamnionitis

Supplemental Table 3: Factors for subgroups analysis.

Outcomes	Region	Design	Criteria	NOS quality	Adjusted Age	Adjusted GTI
