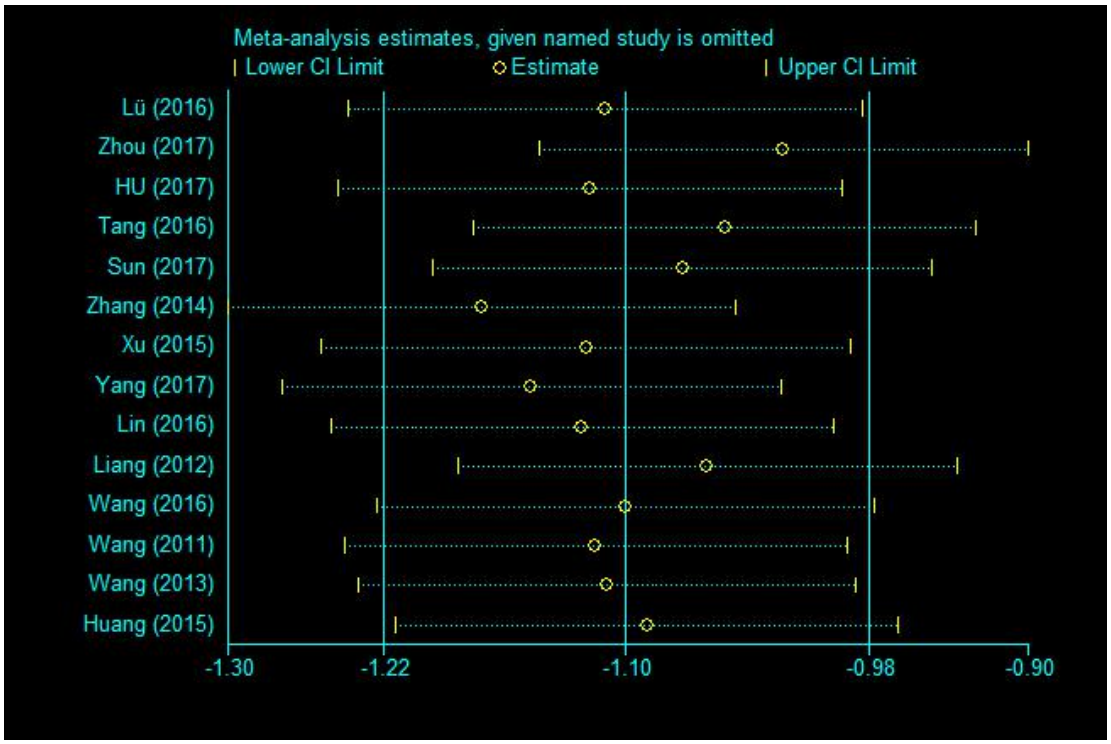
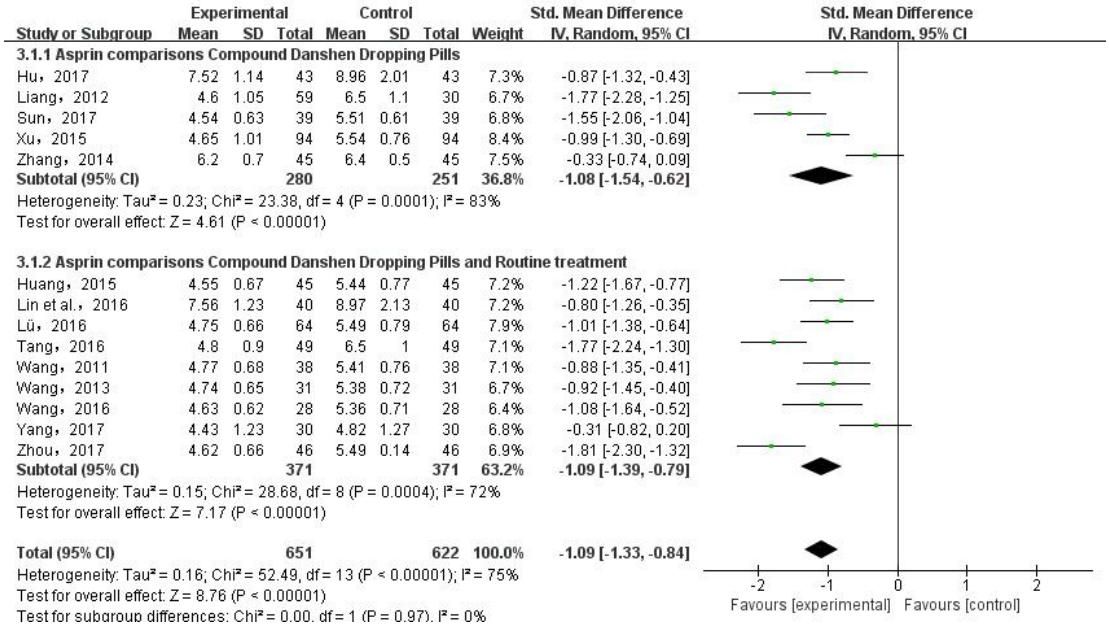
#8 search: ("2010/01/01"[Date-Publication]:"2020/03/20[Date-Publication])

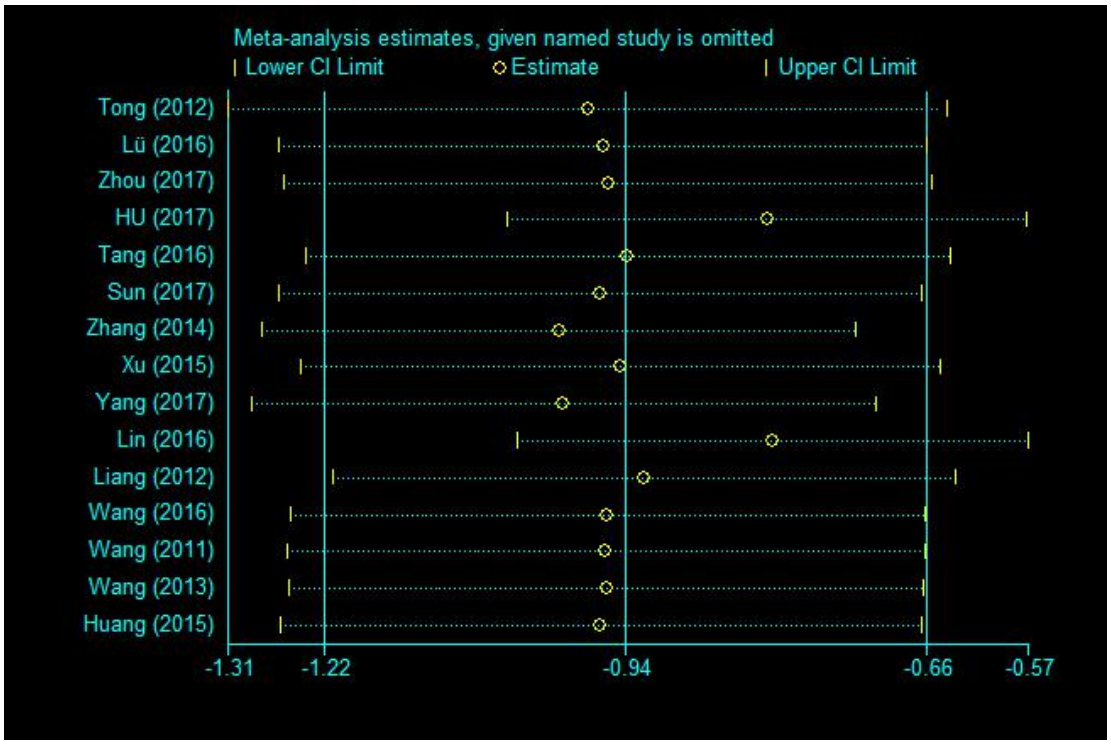
1. TC group sensitivity analysis



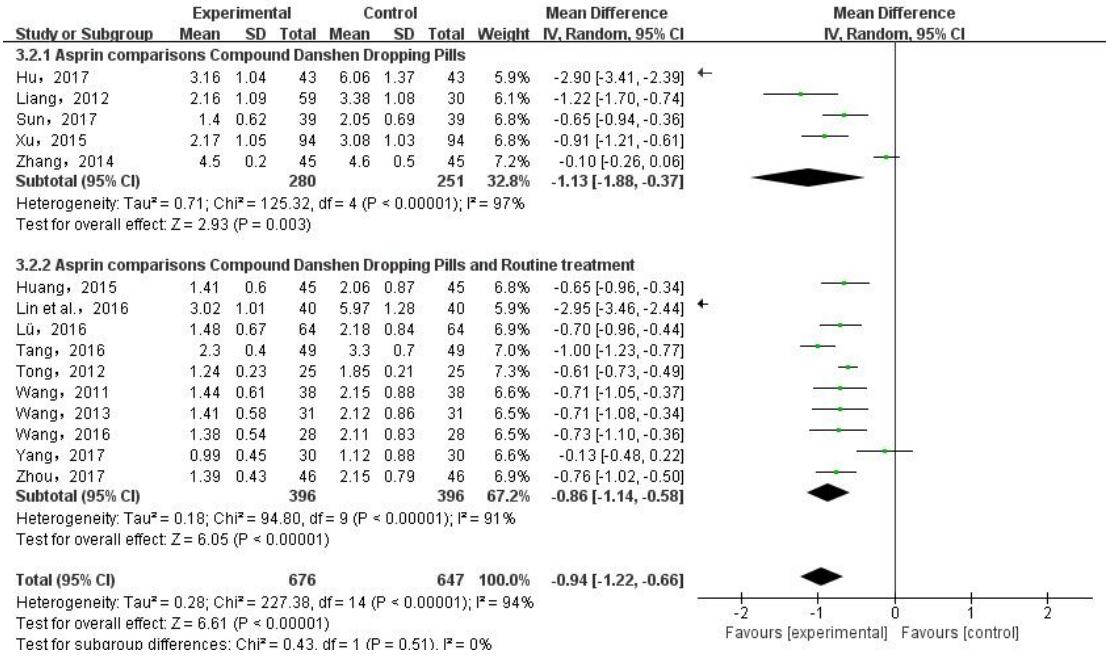
2. TC group sub-group analysis



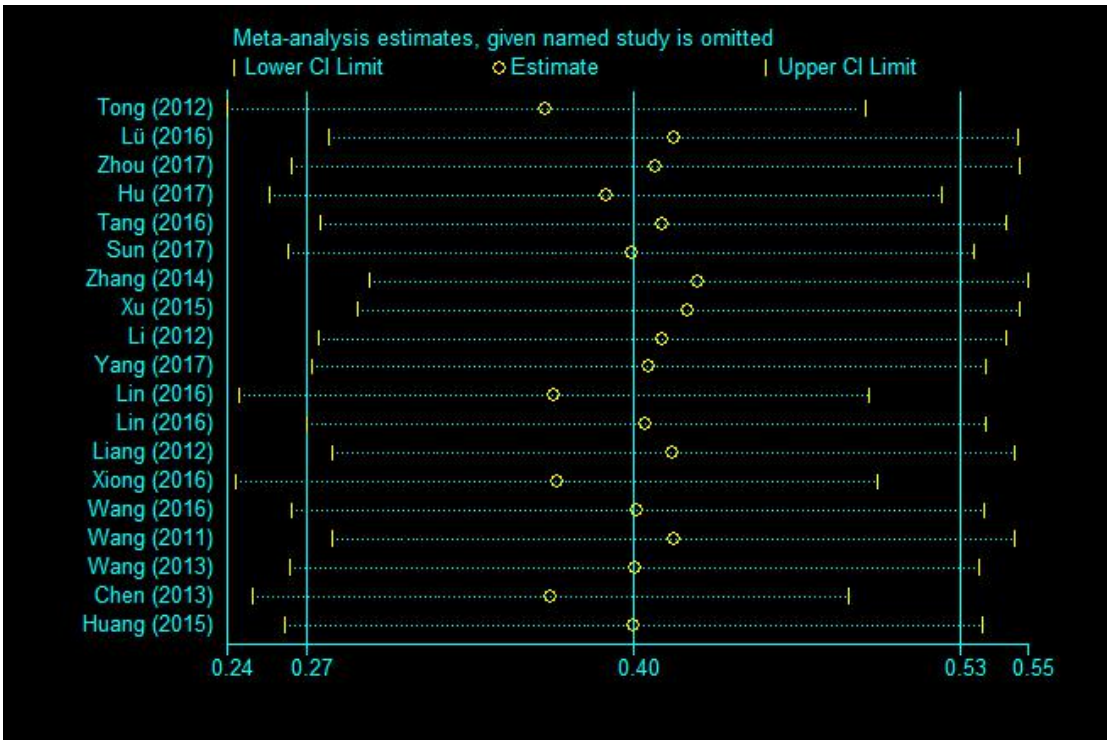
3. TG group sensitivity analysis



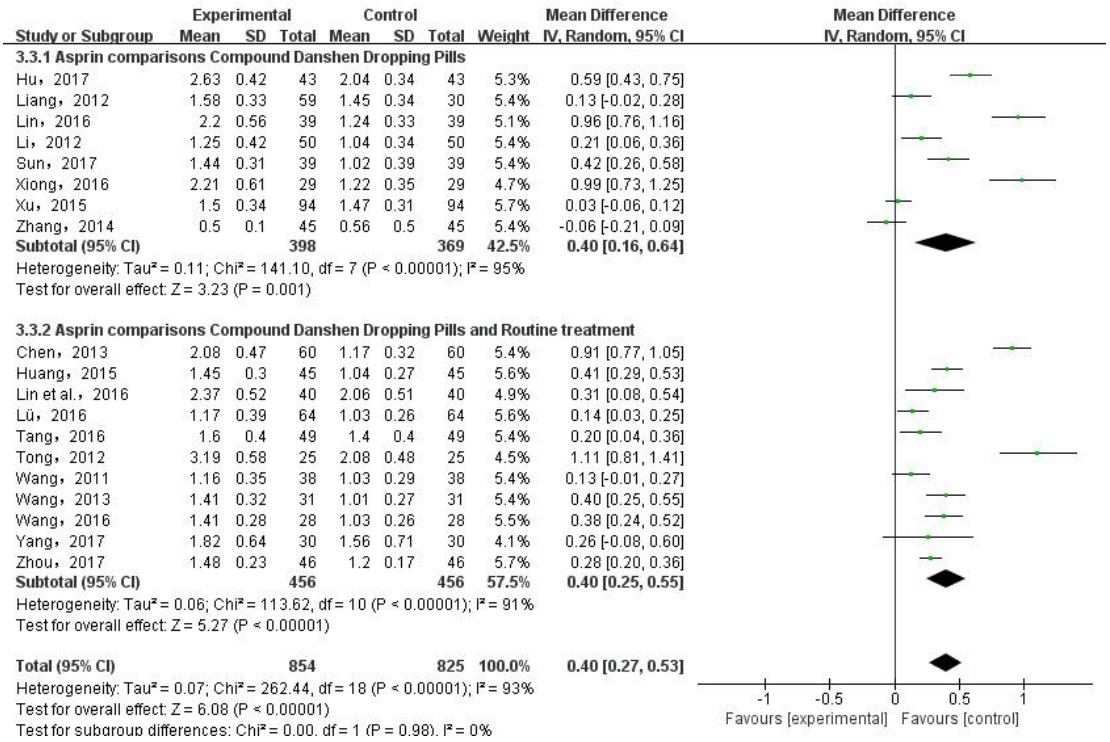
4. TG group sub-group analysis



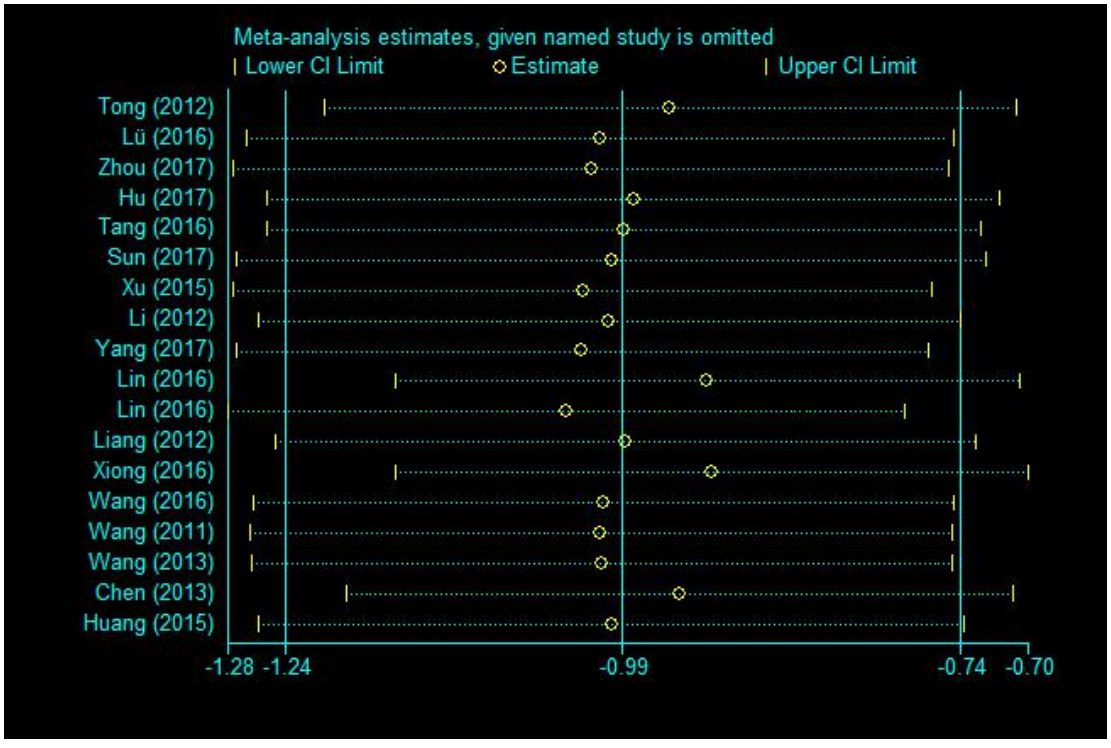
5. HDL-C group sensitivity analsysis



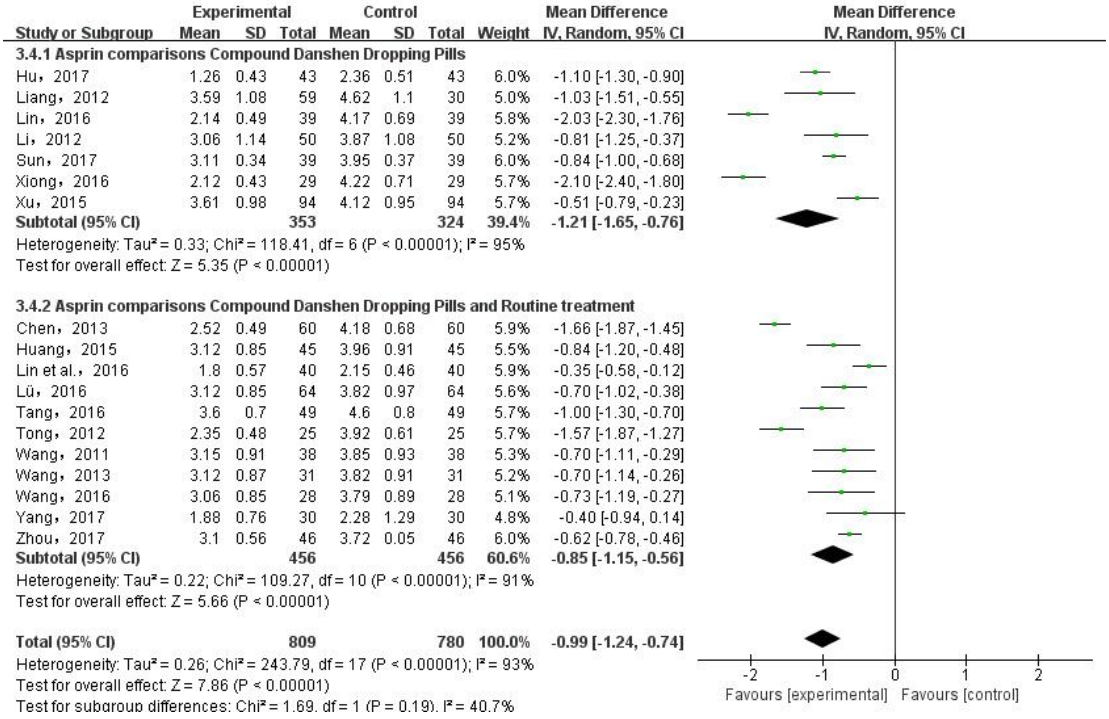
6. HDL-C group sub-group analysis



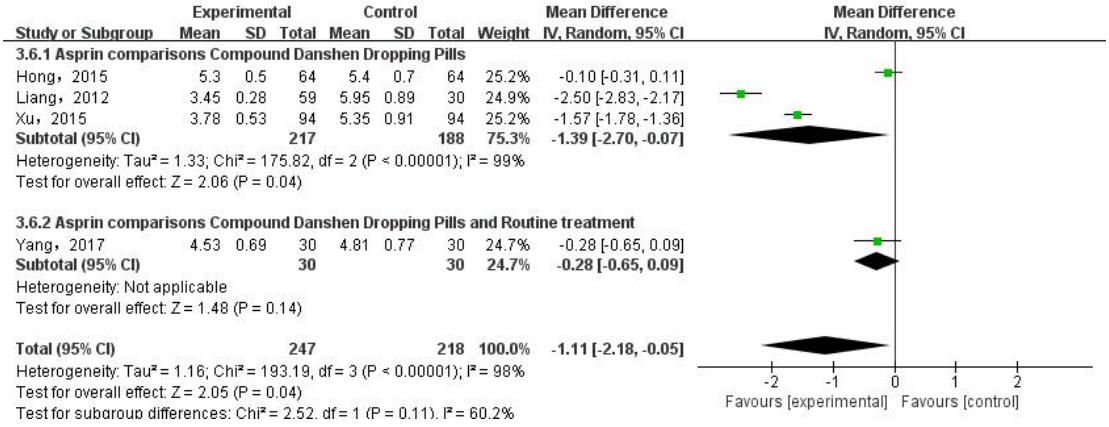
7. LDL-C group sensitivity analysis



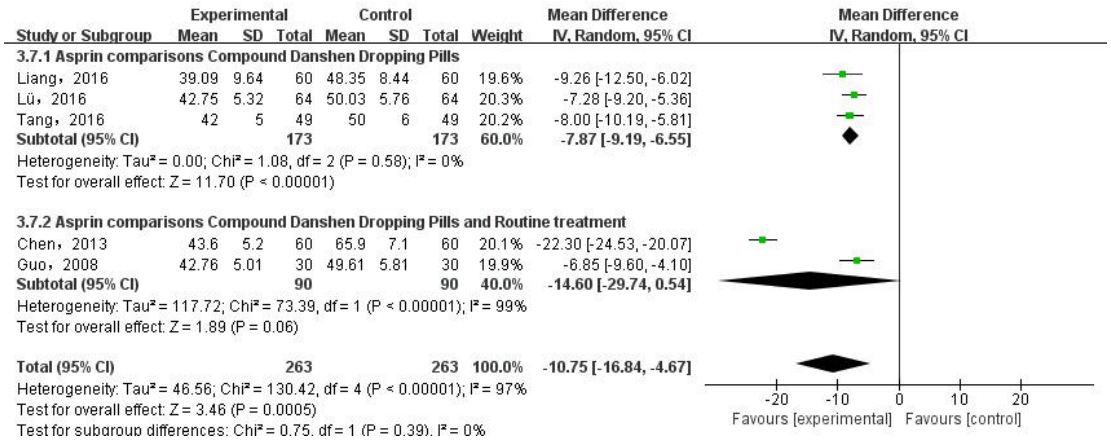
8. LDL-C group sub-group analysis



9. High shear viscosity group sub-group analysis



10. PAMG group sub-group analysis



Patient and Public Involvement:

No patient involved.

Data Availability Statement

No additional data available.

Author contributions:

All authors have made substantive contributions to this study in regard to design and implementation. Z.L.,G.L. took part in the design of the study,performed the literature survey and drafted the manuscript. YW.M. took part Data Management implementation of the study. Z.L. was responsible for statistical analysis. Z.L. was responsible for the methodological design of study.L.L.&. Z.L. is the corresponding authors for the article. All the authors read and approved

the final manuscript.

Competing interests:

Te authors declare that they have no competing interests, and due care has been taken to ensure the integrity of the work. Neither the entire paper nor any part of its content has been published or has been accepted elsewhere. It is not being submitted to any other journal. The authors have no other relevant affiliations or financial involvement with any organization or entity with a financial interest in or financial conflict with the subject matter or materials discussed in the manuscript apart from those disclosed.

Funding

We gratefully acknowledged the cooperation of all research staff and participants.Te funding was supported by the National Natural Science Foundation of China (No.81503456), and the Tianjin enterprise science and technology commissioner project (No.18JCTPJC65500).

Compliance with ethics guidelines

This manuscript is a review article and does not involve a research protocol requiring approval by the corresponding institutional review board or ethics committee.
