Supplementary Data 6 – Outcomes Definition

MACE Definition	
COLCOT	Composite of death from cardiovascular causes, resuscitated cardiac arrest, myocardial infarction or stroke
COLIN	All-cause mortality or acute coronary syndrome
COOL	All-cause mortality or acute coronary syndrome or stroke
COPS	All-cause mortality, acute coronary syndrome, stroke and ischemia-drive urgent revascularization
LoDoCo	Components of acute coronary syndrome, cardiac arrest, non-cardioembolic stroke
LoDoCo2	Cardiovascular death, myocardial infarction, or ischemic stroke

Heart failure Definition	
COLCOT	Hospitalization for heart failure

Hospitalizations Definition	
COLCOT	Composite of hospitalization for angina leading to revascularization and heart failure
LoDoCo2	Composite of hospitalization for infection, pneumonia and gastrointestinal reason

Adverse Events Definition	
COLCOT	Serious adverse events

Gastrointestinal Adverse Events Definition	
LoDoCo2	Hospitalization due to intestinal reasons
