S1 Table. Studies included in version 3 and excluded in versions 4 and 5 of the living systematic review

Author	Reason for Exclusion
Contact investigations	
Tong ZD [1]	Case series of already diagnosed cases
Huang R [2]	Contact investigation of a single family or individual
Jiang XL [3]	Contact investigation of a single family or individual
Jiang X [4]	Contact investigation of a single family or individual
Liao J [5]	The study only included diagnosed cases
Hu Z [6]	The study only included diagnosed cases
Luo SH [7]	Contact investigation of a single family or individual
Chan JF [8]	Contact investigation of a single family or individual
Ye F [9]	Contact investigation of a single family or individual
Bai Y [10]	Contact investigation of a single family or individual
Luo Y [11]	Contact investigation of a single family or individual
Zhang J [12]	Contact investigation of a single family or individual
Zhang B [13]	Contact investigation of a single family or individual
Huang L [14]	Contact investigation of a single family or individual
Qian G [15]	Contact investigation of a single family or individual
Gao Y [16]	Case series that do not enrol consecutive patients
Contact investigations aggregated	
Wang Z [17]	Not all contacts were tested for SARS-CoV-2
Yang R [18]	The study only included diagnosed cases
Bi Q [19]	Asymptomatic status only ascertained at start
Outbreak investigations	
Roxby AC [20]	Inadequate follow-up unclear information about the last possible exposure.
Solbach W [21]	The study only included diagnosed cases
Mizumoto K [22]	Data included in another publication
Tian S [23]	Preprint of published article

Pham TQ [24]	Preprint of published article
Screening	
Arima Y [25]	Same population reported twice
Lytras T [26]	Only included pre-symptomatic patients
Lombardi A [27]	Preprint of published article
Hospitalised adults	
Pongpirul WA [28]	The study only included diagnosed cases
Qiu C [29]	The study only included diagnosed cases
Zou L [30]	The study only included diagnosed cases
Zhou R [31]	The study only included diagnosed cases
Chang MC [32]	The study only included diagnosed cases
Zhou X [33]	The study only included diagnosed cases
Angelo Vaira L [34]	The study only included diagnosed cases
Wang X [35]	The study only included diagnosed cases
Xu T [36]	The study only included diagnosed cases
Tabata S [37]	The study only included diagnosed cases
Noh JY [38]	The study only included diagnosed cases
Kumar R [39]	The study only included diagnosed cases
Meng H [40]	Only included pre-symptomatic patients
Zhang Z [41]	Only included pre-symptomatic patients
Al-Shamsi HO [42]	Only included pre-symptomatic patients
Wang Y1 [43]	Only included pre-symptomatic patients
Hospitalised children	
See KC [44]	The study only included diagnosed cases
Tan YP [45]	The study only included diagnosed cases
Tan X [46]	The study only included diagnosed cases
Melgosa M [47]	The study only included diagnosed cases
Wu HP [48]	Inadequate follow-up.
Song W [49]	The study only included diagnosed cases

Bai K [50]	The study only included diagnosed cases
Xu H [51]	The study only included diagnosed cases
Qiu H [52]	The study only included diagnosed cases
Lu Y [53]	The study only included diagnosed cases
Hospitalised adults and children	
Merza MA [54]	The study only included diagnosed cases
Yongchen Z [55]	The study only included diagnosed cases
Ma Y [56]	The study only included diagnosed cases
Kim SE [57]	The study only included diagnosed cases
Choe PG [58]	The study only included diagnosed cases
Sharma AK [59]	The study only included diagnosed cases
Zhang W3 [60]	The study only included diagnosed cases
Alshami AA [61]	The study only included diagnosed cases
Kong W [62]	The study only included diagnosed cases
Wang Y2 [63]	The study only included diagnosed cases
Mathematical Models	
Ganyani T [64]	Data included in another publication
Kim Y [65]	Preprint of published article (first author Chun)
Emery [66]	Preprint of published article
Casey [67]	Mathematical model not in review scope - published version did not include pooled estimate of presymptomatic transmission
