human reproduction

SUPPLEMENTARY DATA

Supplementary Table SII Articles excluded on full text.

Author	Title	Notes
Abdel Gadir 1991	Polycystic ovaries: do these represent a specific endocrinopathy?	Cross-sectional study/analysis
Abdel-Rahman 2011	Prevalence of abnormal glucose metabolism in a cohort of Arab women with polycystic ovary syndrome	Cross-sectional study/analysis
Abedini 2019	Zinc status and polycystic ovarian syndrome: a systematic review and meta-analysis	Systematic review—included studies ineligible
Abruzzese 2015	PCOS and metabolic disorders	Conference abstract
Abu Hashim 2011	Does laparoscopic ovarian diathermy change clomiphene-resistant PCOS into clomiphene-sensitive?	All are PCOS participants and received treatment/intervention
Actrn 2011	Vitamin D in women with polycystic ovary syndrome	Record of trial registration
Actrn 2019	Understanding the role of tissue Fibrosis in Insulin Resistance associated with Polycystic Ovary Syndrome (PCOS) and the impact of Exercise: the FIREx study using a cohort and randomized control trial in women with and without PCOS	Record of trial registration
Adeniji 2016	Metabolic effects of a commonly used combined hormonal oral contraceptive in women with and without polycystic ovary syndrome	All are PCOS participants and received treatment/intervention
Alekseeva 1991	[Pulsed secretion of gonadotropins in polycystic ovary syndrome]	All are PCOS participants and received treatment/intervention
Amihaesei 2016	Polycystic ovary syndrome, a complex entity involving reproductive and metabolic impairments: a systematic review	Narrative review
Anderson 1998	Inhibin A and inhibin B in women with polycystic ovarian syndrome during treatment with FSH to induce mono-ovulation	Inelegible PCOS definition criteria used
Aroda 2009	Metabolic and hormonal changes induced by pioglitazone in polycystic ovary syndrome: a randomized, placebo-controlled clinical trial	RCT, no non-PCOS arm
Aye 2014	Acute hypertriglyceridemia induces platelet hyperactivity that is not attenuated by insulin in polycystic ovary syndrome	All participants received treatment/intervention
Bell 2018	Maternal polycystic ovarian syndrome and early offspring development	PCOS definition criteria unclear/self-reported
Bond 2017	Diabetes risk in women with gestational diabetes mellitus and a history of polycystic ovary syndrome: a retrospective cohort study	PCOS definition criteria unclear/self-reported
Bronstein 2011	Age of onset of polycystic ovarian syndrome in girls may be earlier than previously thought	Wrong outcome
Brown 2017	Clomiphene and other antioestrogens for ovulation induction in polycystic ovarian syndrome	Systematic review included; studies ineligible
Bruni 1991	Natural contraceptive methods	Conference abstract
Calan 2016	A possible link between luteinizing hormone and macrophage migration inhibitory factor levels in polycystic ovary syndrome	Cross-sectional study/analysis
Cappelli 2017	Natural molecules for the therapy of hyperandrogenism and metabolic disorders in PCOS	Narrative review
Cassidy-Vu 2016	Role of statin drugs for polycystic ovary syndrome	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	What is the clinical effectiveness and cost-effectiveness of using drugs in treating obese patients in primary care? A systematic review (Structured abstract)	Not assessing PCOS

(continued)

Supplementary Table SII Continued

Author	Title	Notes
Centre for Reviews and Dissemination 2015	Use of metformin in polycystic ovary syndrome: a meta-analysis (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Urinary hMG versus recombinant FSH for controlled ovarian hyper stimulation following an agonist long down-regulation protocol in IVF or ICSI treatment: a systematic review and meta-analysis (Structured abstract)	Not assessing PCOS
Centre for Reviews and Dissemination 2015	The role of metformin in polycystic ovary syndrome: a systematic review (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Systematic review and meta-analysis of the reproductive system effects of metformin alone or in combination with clomiphene citrate in patients with polycystic ovary syndrome (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Statin is a reasonable treatment option for patients with polycystic ovary syndrome: a meta-analysis of randomized controlled trials (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Rosiglitazone versus metformin for polycystic ovary syndrome: a systematic review (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	N-acetylcysteine for treating women with clomiphene citrate resistant polycystic ovary syndrome: a systematic review (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Metformin vs thiazolidinediones for treatment of clinical, hormonal and metabolic characteristics of polycystic ovary syndrome: a meta-analysis (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Metformin versus oral contraceptive pill in polycystic ovary syndrome: a Cochrane review (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Metformin versus clomiphene citrate for infertility in non-obese women with polycystic ovary syndrome: a systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Metformin in polycystic ovary syndrome: systematic review and meta-analysis (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Metformin and gonadotropins for ovulation induction in patients with polycystic ovary syndrome: a systematic review with meta-analysis of randomized controlled trials (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Metabolomic biomarkers of impaired glucose tolerance and type 2 diabetes mellitus with a potential for risk stratification in women with polycystic ovary syndrome (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Meta-analysis of letrozole versus clomiphene citrate in polycystic ovary syndrome (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Lifestyle modification programs in polycystic ovary syndrome: systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Letrozole for ovulation induction in women with polycystic ovarian syndrome: a systematic analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Laparoscopic surgery versus laparotomy for women with polycystic ovarian syndrome: a systematic review (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Is a GnRH antagonist protocol better in PCOS patients? A meta-analysis of RCTs (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Exercise therapy in polycystic ovary syndrome: a systematic review (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Efficacy of inositol in women with polycystic ovary syndrome and desire for children: systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Efficacy and safety of metformin during pregnancy in women with gestational diabetes mellitus or polycystic ovary syndrome: a systematic review (Provisional abstract)	Systematic review—included studies ineligible

(continued)

Supplementary Table SII Continued

Author	Title	Notes
Centre for Reviews and Dissemination 2015	Effects of thiazolidinediones on polycystic ovary syndrome: a meta-analysis of randomized placebo-controlled trials (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Effects of metformin in women with polycystic ovary syndrome treated with gonadotrophins for in vitro fertilisation and intracytoplasmic sperm injection cycles: a systematic review and meta-analysis of randomised controlled trials (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Effects of acarbose on polycystic ovary syndrome: a meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Effect of preconceptional metformin on abortion risk in polycystic ovary syndrome: a systematic review and meta-analysis of randomized controlled trials (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Effect of metformin intervention during pregnancy on the gestational diabetes mellitus in women with polycystic ovary syndrome: a systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Effect of lifestyle intervention on the reproductive endocrine profile in women with polycystic ovarian syndrome: a systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Does metformin combined with clomiphene citrate improve fertility related outcomes in clomiphene resistant women with PCOS: a systematic review (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Dietary composition in the treatment of polycystic ovary syndrome: a systematic review to inform evidence-based guidelines (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Comparative efficacy of thiazolidinediones and metformin for polycystic ovary syndrome (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Clomiphene citrate, metformin or both as first-step approach in treating anovulatory infertility in patients with polycystic ovary syndrome (PCOS): a systematic review of head-to-head randomized controlled studies and meta-analysis (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Circulating markers of oxidative stress and polycystic ovary syndrome (PCOS): a systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Can anti-Mullerian hormone predict the diagnosis of polycystic ovary syndrome? A systematic review and meta-analysis of extracted data (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Calpain-10 genetic polymorphisms and polycystic ovary syndrome risk: a meta-analysis and meta-regression (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Associations of adiponectin gene polymorphisms with polycystic ovary syndrome: a meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Association of Pro12Ala polymorphism in peroxisome proliferator-activated receptor gamma with polycystic ovary syndrome: a meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Aromatase inhibitors for PCOS: a systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Aromatase inhibitors for infertility in polycystic ovary syndrome: the beginning or the end of a new era? (Structured abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	Adverse effects of the common treatments for polycystic ovary syndrome: a systematic review and meta-analysis (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	A systematic review of the reproductive system effects of metformin in patients with polycystic ovary syndrome (Structured abstract)	Systematic review—included studies ineligible

(continued)

Supplementary Table SII Continued

Author	Title	Notes
Centre for Reviews and Dissemination 2015	A systematic review and meta-analysis of randomized controlled trials comparing pioglitazone versus metformin in the treatment of polycystic ovary syndrome (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	A meta-analysis on acupuncture treatment of polycystic ovary syndrome (Provisional abstract)	Systematic review—included studies ineligible
Centre for Reviews and Dissemination 2015	A meta-analysis of polycystic ovary syndrome in women taking valproate for epilepsy (Provisional abstract)	Assessed non-PCOS population
Chittenden 2009	Polycystic ovary syndrome and the risk of gynaecological cancer: a systematic review	Systematic review—included studies ineligible
Coffler 2003	Evidence for abnormal granulosa cell responsiveness to follicle-stimulating hormone in women with polycystic ovary syndrome	PCOS participants received treatment/intervention
Dah-Ching 2018	Association between polycystic ovarian syndrome and endometrial, ovarian, and breast cancer: a population-based cohort study in Taiwan	PCOS definition criteria unclear/used ICD-codes
Dahlgren 1992	Women with polycystic ovary syndrome wedge resected in 1956 to 1965: a long-term follow-up focusing on natural history and circulating hormones	PCOS participants received treatment/intervention
de Medeiros 2017	Risks, benefits size and clinical implications of combined oral contraceptive use in women with polycystic ovary syndrome	Systematic review—included studies ineligible
de Sousa 2012	Longitudinal analyses of polysomnographic variables, serum androgens, and parameters of glucose metabolism in obese adolescents with polycystic ovarian syndrome	PCOS participants received treatment/intervention
El-Sharkawy 2014	Effect of metformin on sleep disorders in adolescent girls with polycystic ovarian syndrome	Cross-sectional analysis
Filippi 2017	The risk of venous thromboembolism in women with polycistic ovarian syndrome: an Italian study	Conference abstract
Finnbogadottir 2017	Insulin resistance in pregnant women with and without polycystic ovary syndrome, and measures of body composition in offspring at birth and three years of age	Ineligible PCOS definition criteria used
Forslund 2018	Higher menopausal age but no differences in parity in women with polycystic ovary syndrome compared with controls	Cross-sectional study/analysis
Forslund 2018	Higher menopausal age but no differences in parity in women with polycystic ovary syndrome as compared to controls	Cross-sectional study/analysis
Ganesan 2012	Relationship between hormonal changes and folliculogenesis in polycystic ovarion syndrome women	Cross-sectional study/analysis
Giallauria 2008	Exercise training improves autonomic function and inflammatory pattern in women with polycystic ovary syndrome (PCOS)	RCT, no non-PCOS arm
Glintborg 2015	Morbidity and medicine prescriptions in a nationwide Danish population of patients diagnosed with polycystic ovary syndrome	Cross-sectional study/analysis
Glintborg 2019	Increased risk of thyroid disease in Danish women with polycystic ovary syndrome: a cohort study	PCOS definition criteria unclear/used ICD codes
Glintborg 2018	Cardiovascular disease in a nationwide population of Danish women with polycystic ovary syndrome	PCOS definition criteria unclear/used ICD codes
Glueck 2011	Sex hormone-binding globulin, oligomenorrhea, polycystic ovary syndrome, and childhood insulin at age 14 years predict metabolic syndrome and class III obesity at age 24 years	Cross-sectional study/analysis
Glueck 2006	Obesity, free testosterone, and cardiovascular risk factors in adolescents with polycystic ovary syndrome and regularly cycling adolescents	Cross-sectional study/analysis
Gotby 2015	Congenital Adrenal Hyperplasia, Polycystic Ovary Syndrome and criminal behavior: a Swedish population based study	Cross-sectional study/analysis
Gottschau 2015	Risk of cancer among women with polycystic ovary syndrome: a Danish cohort study	PCOS definition criteria unclear/used ICD codes

(continued)

Supplementary Table SII Continued

Author	Title	Notes
Guraya 2017	Correlation of clinical, radiological and serum analysis of hypovitaminosis D with polycystic ovary syndrome: a systematic review and meta-analysis	Systematic review—included studies ineligible
Harnois-Leblanc 2017	Evolution of metabolic alterations 5 years after early puberty in a cohort of girls predisposed to polycystic ovary syndrome	Inelegible PCOS definition criteria used
Hart 2015	The potential implications of a PCOS diagnosis on a woman's long-term health using data linkage	PCOS definition criteria unclear/used ICD codes
Hillman 2014	Black women with polycystic ovary syndrome (PCOS) have increased risk for metabolic syndrome and cardiovascular disease compared with white women with PCOS [corrected]	Cross-sectional study/analysis
Hoeger 2004	Review: Metformin used alone or combined with clomifene may improve ovulation rates in the polycystic ovary syndrome	Commentary
Homburg 2017	A novel method to demonstrate that pregnant women with polycystic ovary syndrome hyper-expose their fetus to androgens as a possible stepping-stone for the developmental theory of PCOS. A pilot study	Ineligible outcome
Hudecova 2011	Androgen levels, insulin sensitivity, and early insulin response in women with polycystic ovary syndrome: a long-term follow-up study	PCOS definition criteria unclear/self-reported
Hudecova 2011	Diabetes and impaired glucose tolerance in patients with polycystic ovary syndrome—a long term follow-up	Cross-sectional study/analysis
Hudecova 2011	Prevalence of the metabolic syndrome in women with a previous diagnosis of polycystic ovary syndrome: long-term follow-up	Cross-sectional study/analysis
Hudecova 2010	Endothelial function in patients with polycystic ovary syndrome: a long-term follow-up study	Cross-sectional study/analysis
Hung 2014	Risk of psychiatric disorders following polycystic ovary syndrome: a nationwide population-based cohort study	PCOS definition criteria unclear/used-ICD codes
Irani 2014	Vitamin D increases serum levels of the soluble receptor for advanced glycation end products in women with PCOS	PCOS participants received treatment/intervention
Jacewicz-Swiecka 2018	Polycystic ovary syndrome and the risk of cardio metabolic complications in longitudinal studies	Systematic review—included studies ineligible
Jonsdottir 2017	Obstetrical complications in dichorionic twin pregnancies in women with polycystic ovary syndrome	Cross-sectional study/analysis
Klevedal 2017	Fetal-maternal outcomes and complications in pregnant women with polycystic ovary syndrome	Cross-sectional study/analysis
Krentz 2009	Reduced serum ghrelin in a putative postmenopausal polycystic ovary syndrome phenotype	Cross-sectional study/analysis
Kruszynska 2014	Proinsulin, adiponectin and hsCRP in reproductive age women with polycystic ovary syndrome (PCOS)—the effect of metformin treatment	RCT, no non-PCOS arm
Kumarendran 2018	Polycystic ovary syndrome, androgen excess, and the risk of nonalcoholic fatty liver disease in women: a longitudinal study based on a United Kingdom primary care database	PCOS definition criteria unclear/used-ICD codes
Kupesic 1996	Polycystic ovary syndrome—Doppler parameters	Ineligible outcome
Legro 2017	Normal pubertal development in daughters of women With PCOS: a controlled study	Cross-sectional study/analysis
Legro 2016	Normal pubertal development in daughters of women with PCOS: a controlled study	Cross-sectional study/analysis
Liao 2019	Integrative Chinese herbal medicine therapy reduced the risk of type 2 diabetes mellitus in patients with polycystic ovary syndrome: a nationwide matched cohort study	PCOS definition criteria unclear/used ICD codes
Lin 2017	Risk of developing obstructive sleep apnea among women with polycystic ovarian syndrome: a nationwide longitudinal follow-up study	PCOS definition criteria unclear/used ICD codes

(continued)

Supplementary Table SII Continued

Author	Title	Notes
Lord 2003	Insulin-sensitising drugs (metformin, troglitazone, rosiglitazone, pioglitazone, D-chiro-inositol) for polycystic ovary syndrome	Systematic review—included studies ineligible
Majkowska 1993	[Insulin resistance and hyperinsulinemia in pathogenesis of polycystic ovary syndrome]	Narrative review
Maliqueo 2009	Adrenal function during childhood and puberty in daughters of women with polycystic ovary syndrome	Cross-sectional study/analysis
Mani 2013	Diabetes and cardiovascular events in women with polycystic ovary syndrome: a 20-year retrospective cohort study	PCOS definition criteria unclear
Merz 2016	Cardiovascular disease and 10-year mortality in postmenopausal women with clinical features of polycystic ovary syndrome	PCOS definition criteria unclear/self-reported
Morgan 2012	Evaluation of adverse outcome in young women with polycystic ovary syndrome versus matched, reference controls: a retrospective, observational study	PCOS definition criteria unclear
Mumm 2015	Hyperandrogenism and phenotypes of polycystic ovary syndrome are not associated with differences in obstetric outcomes	Cross-sectional study/analysis
Naver 2014	Increased risk of preterm delivery and pre-eclampsia in women with polycystic ovary syndrome and hyperandrogenaemia	Cross-sectional study/analysis
Norman 2001	Relative risk of conversion from normoglycaemia to impaired glucose tolerance or non-insulin dependent diabetes mellitus in polycystic ovarian syndrome	Ineligible PCOS definition criteria
NunezRodriguez 2016	Endocrine metabolic disorders of the dermatologic manifestation in the polycystic ovary syndrome	Cross-sectional study/analysis
Ollila 2016	Weight gain and dyslipidemia in early adulthood associate with polycystic ovary syndrome: prospective cohort study	PCOS definition criteria unclear/self-reported
Ollila 2017	Overweight and obese but not normal weight women with PCOS are at increased risk of Type 2 diabetes mellitus-a prospective, population-based cohort study	PCOS definition criteria unclear/self-reported
Palomba 2015	Pregnancy complications in women with polycystic ovary syndrome	Narrative review
Palomba 2014	Early trophoblast invasion and placentation in women with different PCOS phenotypes	Ineligible outcome
Palomba 2010	Pregnancy in women with polycystic ovary syndrome: the effect of different phenotypes and features on obstetric and neonatal outcomes	Cross-sectional study/analysis
Palomba 2012	Pervasive developmental disorders in children of hyperandrogenic women with polycystic ovary syndrome: a longitudinal case-control study	Cross-sectional study/analysis
Paoletti 1996	The chronic administration of cabergoline normalizes androgen secretion and improves menstrual cyclicity in women with polycystic ovary syndrome	Cross-sectional study/analysis
Paoletti 1999	Treatment with flutamide improves hyperinsulinemia in women with idiopathic hirsutism	RCT, non-PCOS arm not followed up
Pasquali 2000	Effect of long-term treatment with metformin added to hypocaloric diet on body composition, fat distribution, and androgen and insulin levels in abdominally obese women with and without the polycystic ovary syndrome	PCOS participants received treatment/intervention
Piaditis 1996	The effect of sequential administration of octreotide alone and octreotide/growth hormone simultaneously on buserelin stimulated ovarian steroid secretion in women with polycystic ovary syndrome	Ineligible PCOS definition criteria used
Pierpoint 1998	Mortality of women with polycystic ovary syndrome at long-term follow-up	PCOS definition criteria unclear

Supplementary Table SII Continued

Author	Title	Notes
Polotsky 2014	Hyperandrogenic oligomenorrhea and metabolic risks across menopausal transition	Not assessing PCOS
Pontikis 2011	The incretin effect and secretion in obese and lean women with polycystic ovary syndrome: a pilot study	Cross-sectional study/analysis
Poretsky 1994	Insulin resistance, hypersecretion of LH, and a dual-defect hypothesis for the pathogenesis of polycystic ovary syndrome	Narrative review
Prelevic 1990	LH pulsatility and response to a single s.c. injection of buserelin in polycystic ovary syndrome	Inelegible PCOS definition criteria used
Renke 2013	Sonographic evaluation of the endometrium: monitoring progression of polycystic ovary syndrome. [German]	Case report
Robin 2005	Nutritional disorders in polycystic ovary syndrome: pathophysiological implications and therapeutics	Narrative review
Roos 2011	Risk of adverse pregnancy outcomes in women with polycystic ovary syndrome: population based cohort study	Inelegible PCOS definition criteria used
Rosenfield 2015	Adolescent polycystic ovary syndrome due to functional ovarian hyperandrogenism persists into adulthood	Inelegible PCOS definition criteria used
Rubin 2017	Development and risk factors of type 2 diabetes in a nationwide population of women with polycystic ovary syndrome	PCOS definition criteria unclear/used ICD codes
Sadeghpoor 2017	The possibility and management sterateghies of pregnancy in women with polycystic ovary syndrome: a review article	Conference abstract
Sanchez-Santos 2018	Prevalence and incidence of clinically diagnosed knee, hip and hand osteoarthritis in women with polycystic ovary syndrome: a national register-based study	Conference abstract
Schmidt 2012	Body composition, bone mineral density and fractures in late postmenopausal women with polycystic ovary syndrome—a long-term follow-up study	Similar results of interest in previous article (Schmidt 2011, #7100) by the same Author
Sharpe 2019	Metformin for ovulation induction (excluding gonadotrophins) in women with polycystic ovary syndrome	Systematic review—included studies ineligible
Shaw 2008	Postmenopausal women with a history of irregular menses and elevated androgen measurements at high risk for worsening cardiovascular event-free survival: results from the National Institutes of Health—National Heart, Lung, and Blood Institute sponsored Women's Ischemia Syndrome Evaluation	Retracted/withdrawn by author
Shojaeian 2019	Calcium and Vitamin D supplementation effects on metabolic factors, menstrual cycles and follicular responses in women with polycystic ovary syndrome: a systematic review and meta-analysis	Systematic review—included studies ineligible
Stassek 2015	Do pregnancy and parenthood affect the course of PCO syndrome? Initial results from the LIPCOS Study (Lifestyle Intervention for Patients with Polycystic Ovary Syndrome [PCOS])	Cross-sectional study/analysis
Steck 1991	[Is increased secretion of LH after LHRH administration a reliable indicator of polycystic ovary syndrome?]	Cross-sectional study/analysis
Szosland 2015	Prolactin secretion in polycystic ovary syndrome (PCOS)	Cross-sectional study/analysis
Tang 2013	Use of metformin for women with polycystic ovary syndrome to improve metabolic parameters	Systematic review—included studies ineligible
Tang 2012	Insulin-sensitising drugs (metformin, rosiglitazone, pioglitazone, D-chiro-inositol) for women with polycystic ovary syndrome, oligo amenorrhoea and subfertility	Systematic review—included studies ineligible
Tang 2010	Insulin-sensitising drugs (metformin, rosiglitazone, pioglitazone, D-chiro-inositol) for women with polycystic ovary syndrome, oligo amenorrhoea and subfertility	Systematic review—included studies ineligible
Tang 2009	Insulin-sensitising drugs (metformin, rosiglitazone, pioglitazone, D-chiro-inositol) for women with polycystic ovary syndrome, oligo amenorrhoea and subfertility	Systematic review/meta-analysis—included studies ineligible

(continued)

Supplementary Table SII Continued

Author	Title	Notes
Thethi 2015	Role of insulin sensitizers on cardiovascular risk factors in polycystic ovarian syndrome: a meta-analysis	Systematic review/meta-analysis—included studies ineligible
Toscani 2011	Effect of high-protein or normal-protein diet on weight loss, body composition, hormone, and metabolic profile in southern Brazilian women with polycystic ovary syndrome: a randomized study	All participants received treatment/intervention
Trimeche 2004	[Polycystic ovary syndrome in pubertal period: clinical, biological, metabolic and genetic polymorphism]	Cross-sectional study/analysis
Tsikouras 2015	Features of polycystic ovary syndrome in adolescence	Narrative review
Underdal 2019	Impaired respiratory function in women with PCOS compared to matched controls from a population-based study	Cross-sectional study/analysis
Underdal 2019	Prolactin and breast increase during pregnancy in PCOS: linked to long-term metabolic health?	Cross-sectional study/analysis
Underdal 2017	Metabolic health in women with PCOS-5-11 years' followup after metformin or placebo in pregnancy	Conference abstract
Vasiljevic 2000	[The role of insulin and hyperinsulinemia in the pathogenesis of the polycystic ovary syndrome]	Narrative review
Vassalou 2019	PCOS diagnosis in adolescents: the timeline of a controversy in a systematic review	Systematic review—included studies ineligible
Veldhuis 2001	Disruption of the synchronous secretion of leptin, LH, and ovarian androgens in nonobese adolescents with the polycystic ovarian syndrome	Cross-sectional study/analysis
Veltman-Verhulst 2012	Emotional distress is a common risk in women with polycystic ovary syndrome: a systematic review and meta-analysis of 28 studies	Systematic review—included studies ineligible
Veras 2011	Sexual dysfunction in patients with polycystic ovary syndrome: clinical and hormonal correlations	Cross-sectional study/analysis
Vytiska-Binstorfer 1992	[The endocrine status of young girls]	Not assessing PCOS
Wang 2018	Higher circulating irisin levels in patients with polycystic ovary syndrome: a meta-analysis	Meta-analysis; included studies ineligible
Wang 2018	A potential link between polycystic ovary syndrome and non-alcoholic fatty liver disease: an update meta-analysis	Meta-analysis; included studies ineligible
Wang 2010	Different phenotypes of polycystic ovary syndrome by Rotterdam criteria are differently steroidogenic but similarly insulin resistant	Cross-sectional study/analysis
Wild 2002	Long-term health consequences of PCOS	Narrative review
Wild 2000	Cardiovascular disease in women with polycystic ovary syndrome at long-term follow-up: a retrospective cohort study	PCOS definition criteria unclear
Wise 2007	Polycystic ovary syndrome and risk of uterine leiomyomata	PCOS definition criteria ineligible/self-reported
Wiser 2013	Age-related normogram for antral follicle count in women with polycystic ovary syndrome	Cross-sectional study/analysis
Wu 2017	5alpha-reductase activity in women with polycystic ovary syndrome: a systematic review and meta-analysis	Systematic review—included studies ineligible
Wu 2016	Acupuncture for treating polycystic ovary syndrome: guidance for future randomized controlled trials	Systematic review—included studies ineligible
Xue 2017	Effect of vitamin D on biochemical parameters in polycystic ovary syndrome women: a meta-analysis	Systematic review—included studies ineligible
Yang 2018	Increased risk of fractures in patients with polycystic ovary syndrome: a nationwide population-based retrospective cohort study	Ineligible outcome and unclear PCOS criteria
Yang 2015	Efficacy and safety of metformin or oral contraceptives, or both in polycystic ovary syndrome	Systematic review—included studies ineligible
Yildiz 2008	Impact of obesity on the risk for polycystic ovary syndrome	Cross-sectional study/analysis

Author	Title	Notes
Zhou 2017	Association between polycystic ovary syndrome and the risk of stroke and all-cause mortality: insights from a meta-analysis	Systematic review/meta-analysis—included studies ineligible
Anonymous author, 2004	Prevention of progression from precocious pubarche to polycystic ovary syndrome	Notes
Manvelyan 2020	The impact of polycystic ovarian syndrome on evaluation of reproductive potential measured by anti-muellerian and follicle stimulating hormones	Conference abstract
Gunn 2019	Polycystic ovarian syndrome in adolescents: utilising discovery proteomics and the search for to identify novel non-invasive biomarkers	Conference abstract
deMedeiros 2020	Changes in clinical and biochemical characteristics of polycystic ovary syndrome with advancing age	Cross-sectional study/analysis
Lee 2021	Postpartum weight retention in women with polycystic ovary syndrome	PCOS definition criteria unclear/self-reported
Andersen 2019	Third trimester cortisol status is associated with offspring sex and polycystic ovary syndrome status: Odense Child Cohort	Ineligible outcome
Mills 2020	Polycystic ovary syndrome as an independent risk factor for gestational diabetes and hypertensive disorders of pregnancy: a population-based study on 9.1 million pregnancies	PCOS definition criteria unclear/self-reported
Robinson 2020	The associations of maternal polycystic ovary syndrome and hirsutism with behavioral problems in offspring	PCOS definition criteria unclear/self-reported
BahriKhomami 2019	Lifestyle and pregnancy complications in polycystic ovary syndrome: the SCOPE cohort study	PCOS definition criteria unclear/self-reported
Benson 2020	Depression in girls with obesity and polycystic ovary syndrome and/or type 2 diabetes	Cross-sectional study/analysis
Zhu 2021	Polycystic ovary syndrome and risk of type 2 diabetes, coronary heart disease, and stroke	Ineligible design/not cohort
Chen 2020	Risk of bipolar disorder in patients with polycystic ovary syndrome: a nationwide population-based cohort study	PCOS definition criteria unclear/self-reported
Lee 2020	HIGHER RISK OF PERSISTENT METABOLIC SYNDROME (METSYN) IN BLACK WOMEN WITH POLYCYSTIC OVARY SYNDROME (PCOS): A LONGITUDINAL STUDY	Conference abstract
Tadaion Far 2019	Comparison of the umbilical cord Blood's anti-Mullerian hormone level in the newborns of mothers with polycystic ovary syndrome (PCOS) and healthy mothers	Cross-sectional study/analysis
Tobiasz 2020	Lack of fetal insulin resistance in maternal polycystic ovary syndrome	Cross-sectional study/analysis
Wu 2020	Hypertension risk in young women with polycystic ovary syndrome: a nationwide population-based cohort study	PCOS definition criteria unclear/self-reported
Lee 2020	Higher risk of persistent metabolic syndrome (Metsyn) in Black women with polycystic ovary syndrome (PCOS): a longitudinal study	Conference abstract/duplicate
Komlosi 2019	Pih6 metabolics syndrome and complications pregnant with PCOS	Conference abstract
