Supplementary Figures (Figures S1-S36)

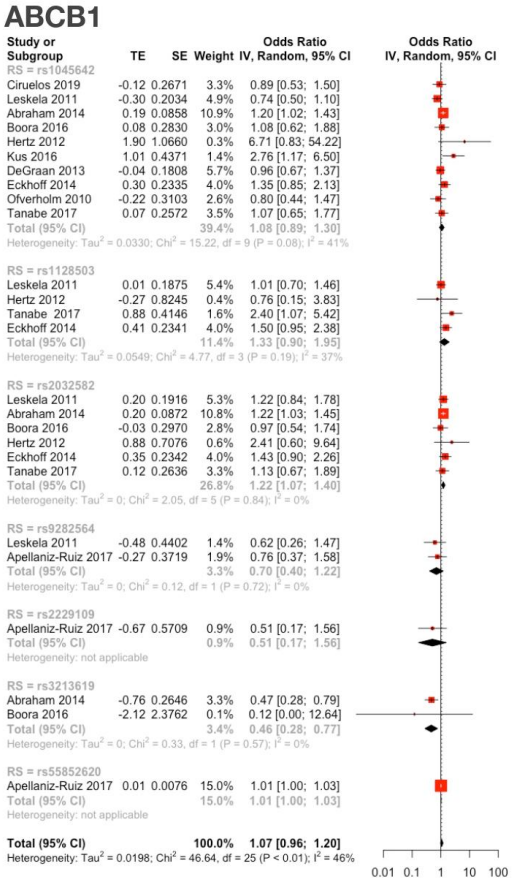

Supplementary Figure S1. *STREGA Score Violin Plot.*

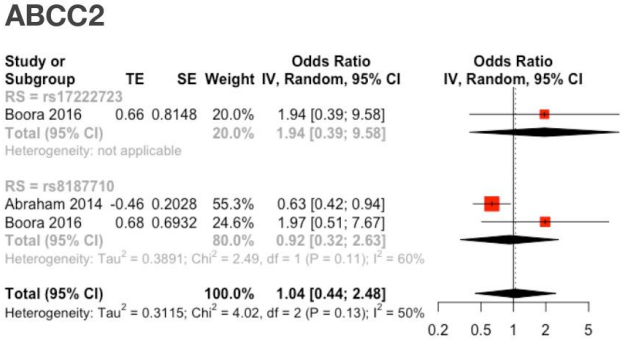

Supplementary Figure S2. *Risk of Bias Graph.*

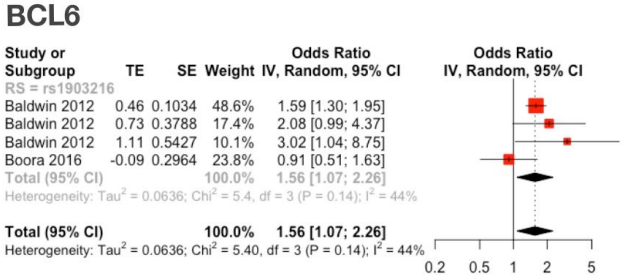

***Supplementary Figure S3**. ABCB1 meta-analysis, stratified by SNP.*

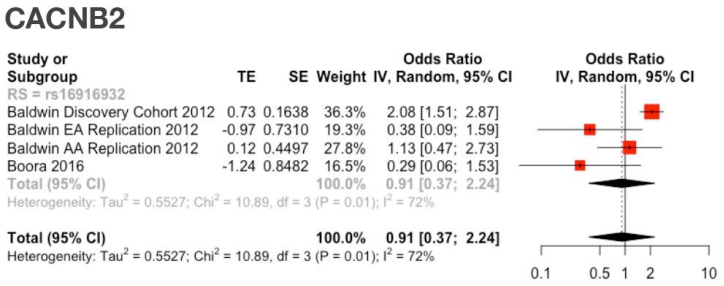

***Supplementary Figure S4**. ABCC2 meta-analysis, stratified by SNP.*

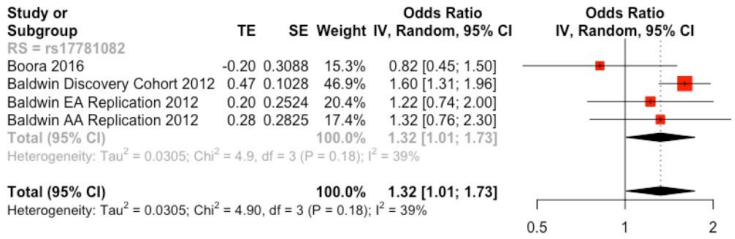

***Supplementary Figure S5**. BCL6 meta-analysis, stratified by SNP.*

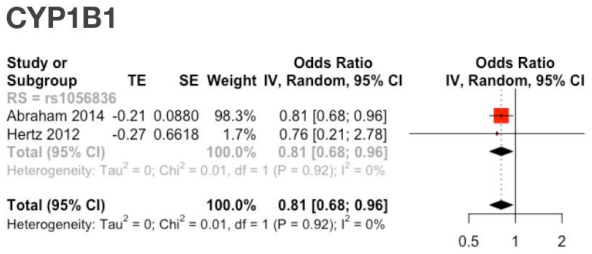

***Supplementary Figure S6**. CACNB2 meta-analysis, stratified by SNP.*

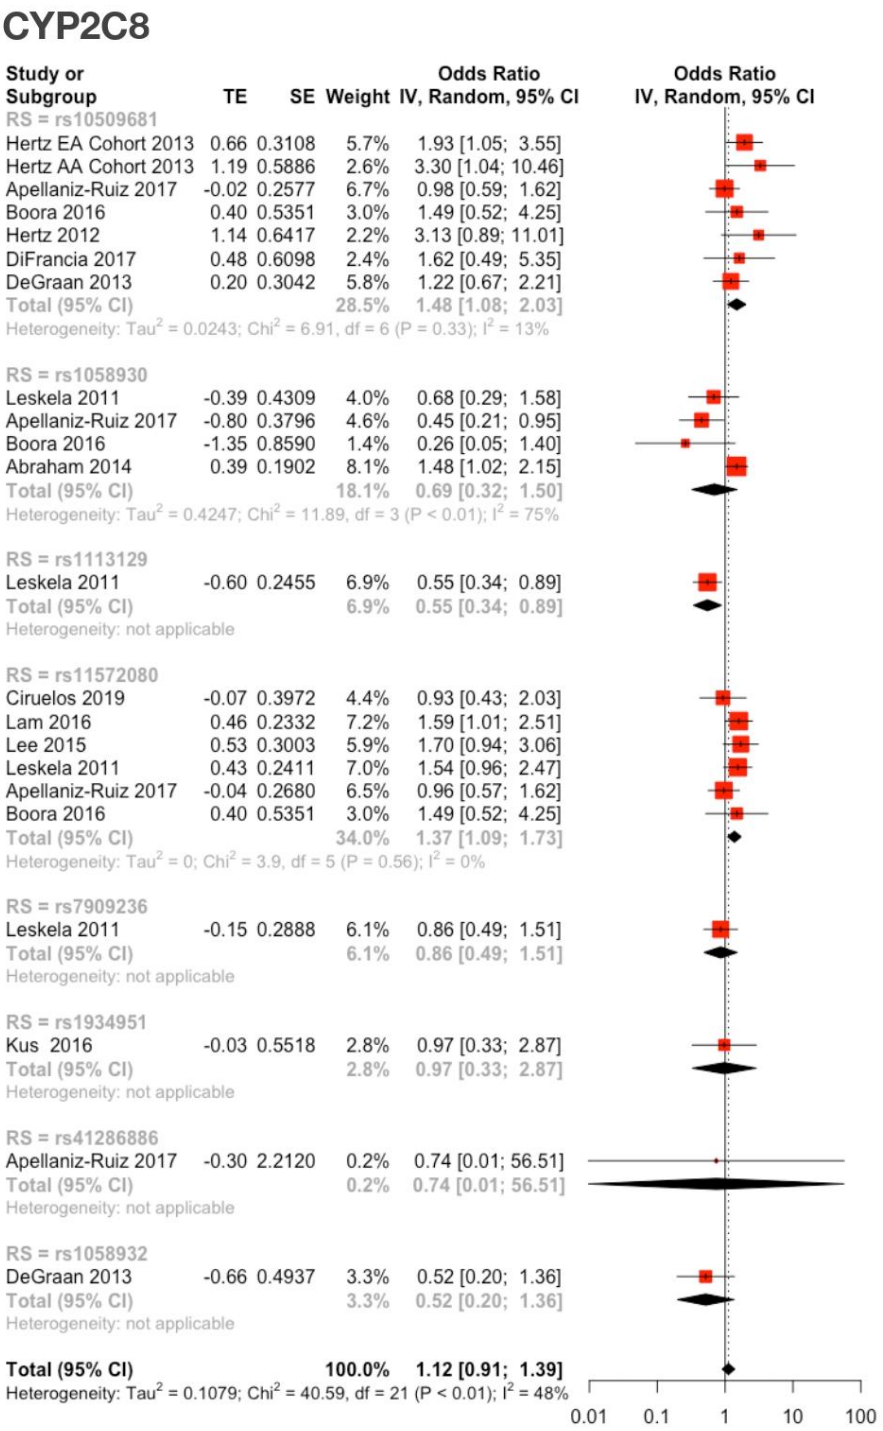

***Supplementary Figure S7**. CAND1 meta-analysis, stratified by SNP.*

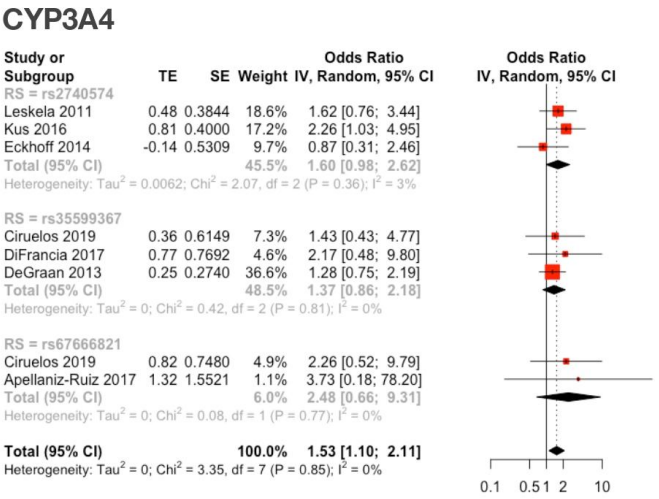

***Supplementary Figure S8**. CYP1B1 meta-analysis, stratified by SNP.*

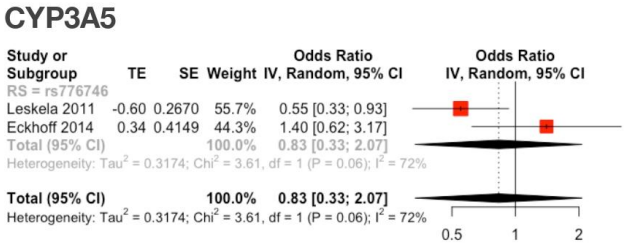

***Supplementary Figure S9**. CYP2C8 meta-analysis, stratified by SNP.*

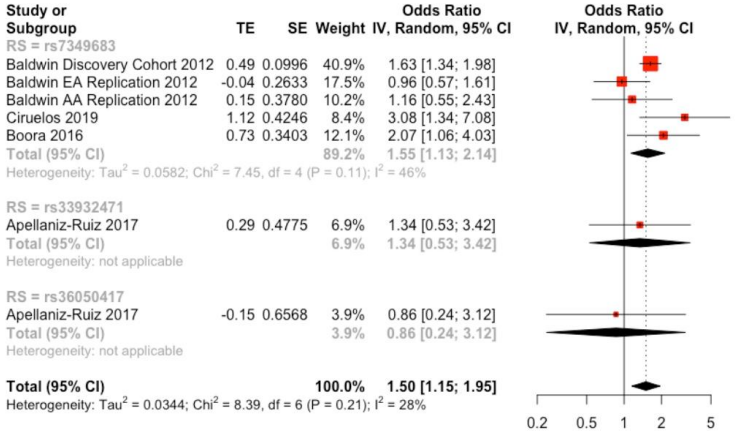

***Supplementary Figure S10**. CYP3A4 meta-analysis, stratified by SNP.*

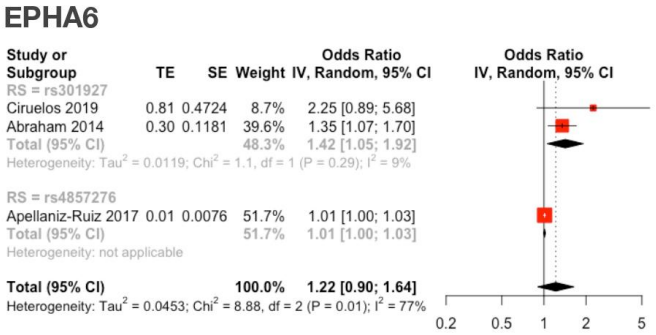

***Supplementary Figure S11**. CYP3A5 meta-analysis, stratified by SNP.*

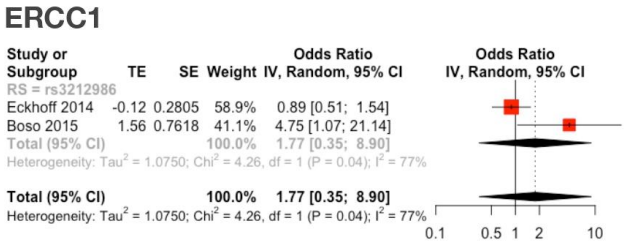

***Supplementary Figure S12**. EPHA5 meta-analysis, stratified by SNP.*

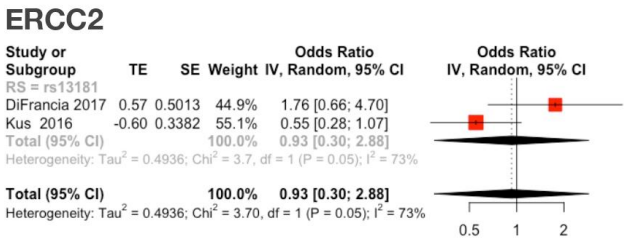

***Supplementary Figure S13**. EPHA6 meta-analysis, stratified by SNP.*

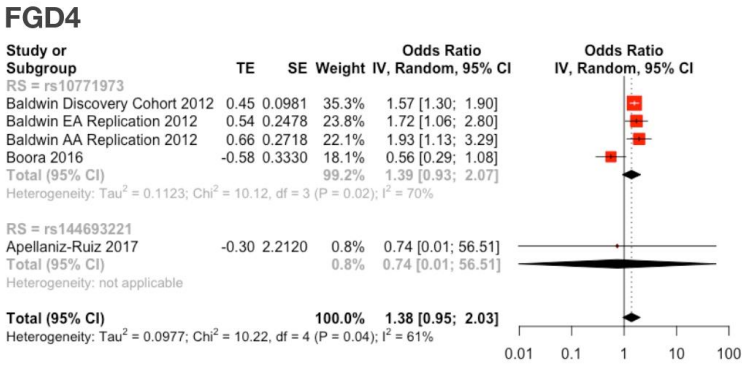

***Supplementary Figure S14**. ERCC1 meta-analysis, stratified by SNP.*

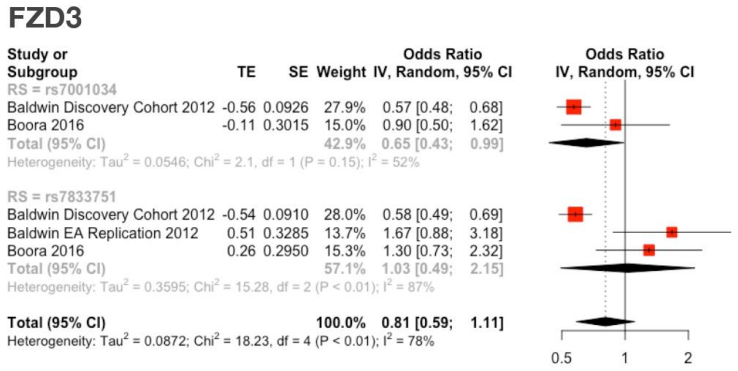

***Supplementary Figure S15**. ERCC2 meta-analysis, stratified by SNP.*

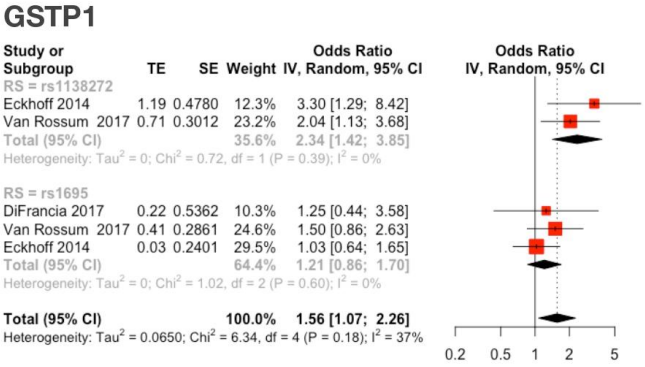

***Supplementary Figure S16**. FGD4 meta-analysis, stratified by SNP.*

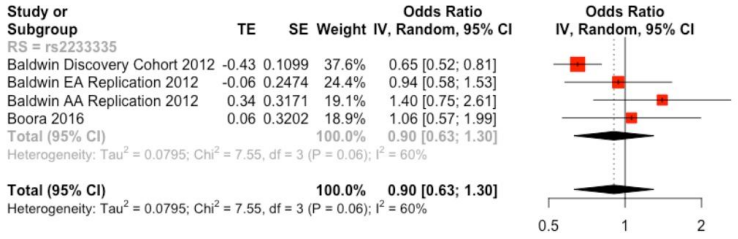

***Supplementary Figure S17**. FZD3 meta-analysis, stratified by SNP.*

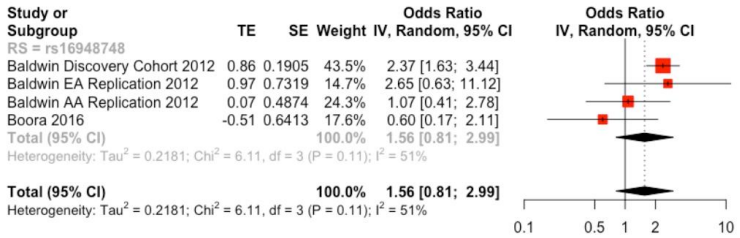

***Supplementary Figure S18**. GSTP1 meta-analysis, stratified by SNP.*

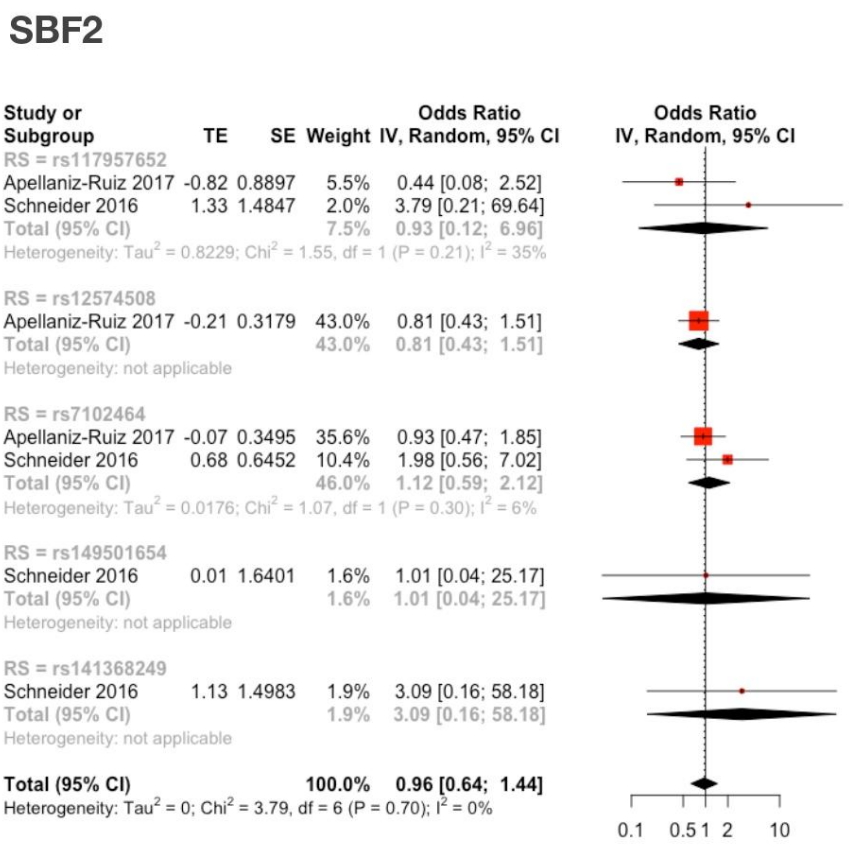

***Supplementary Figure S19**. NDRG1 meta-analysis, stratified by SNP.*

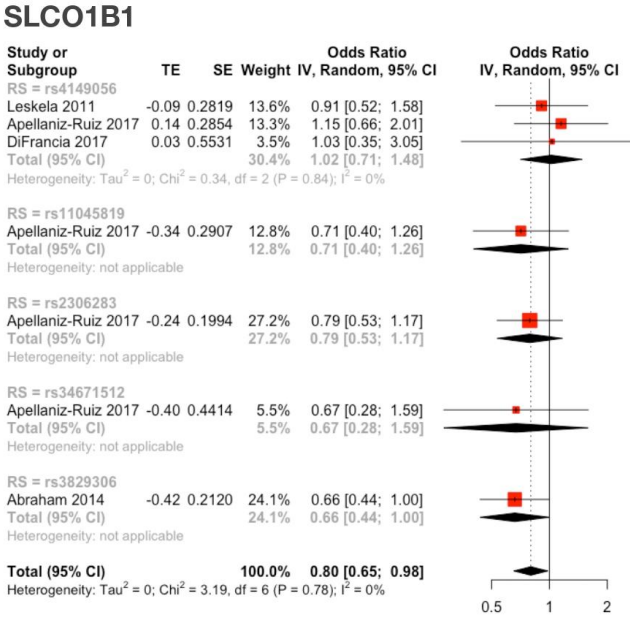

***Supplementary Figure S20**. PITPNA meta-analysis, stratified by SNP.*

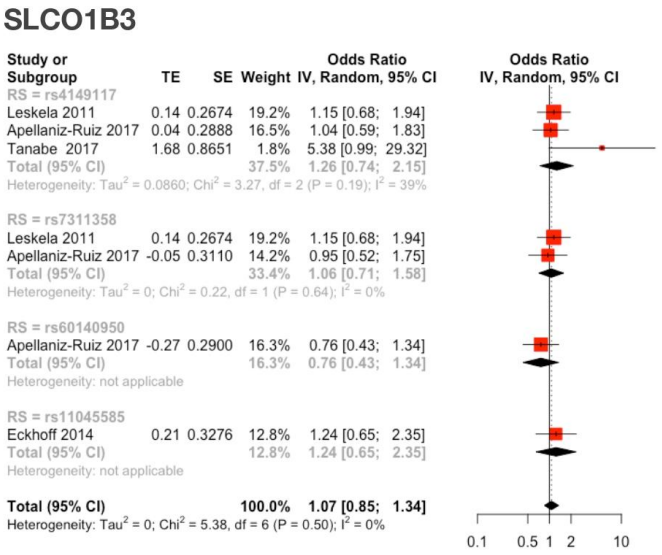

***Supplementary Figure S21**. SBF2 meta-analysis, stratified by SNP.*

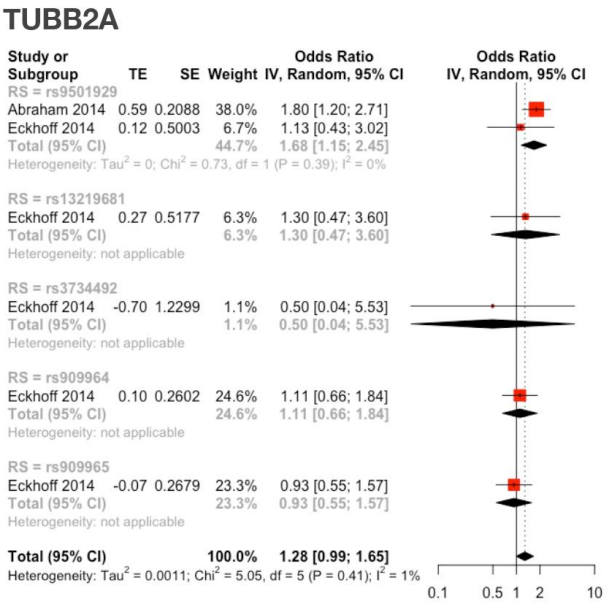

***Supplementary Figure S22**. SLCO1B1 meta-analysis, stratified by SNP.*

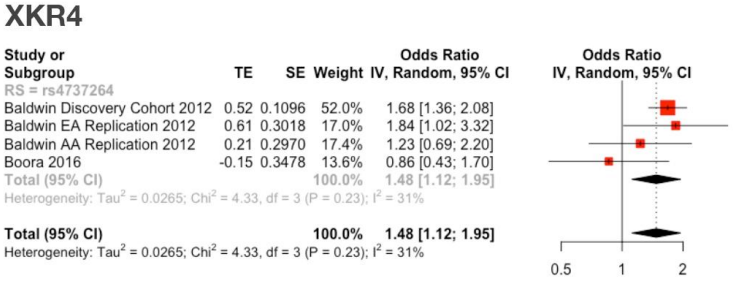

***Supplementary Figure S23**. SLCO1B3 meta-analysis, stratified by SNP.*

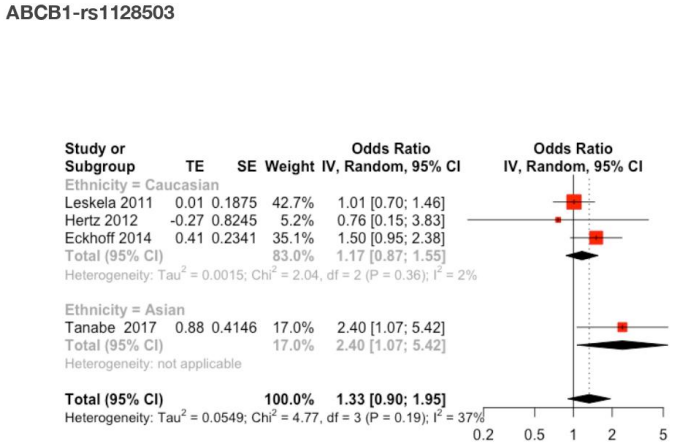

***Supplementary Figure S24**. TUBB2A meta-analysis, stratified by SNP.*

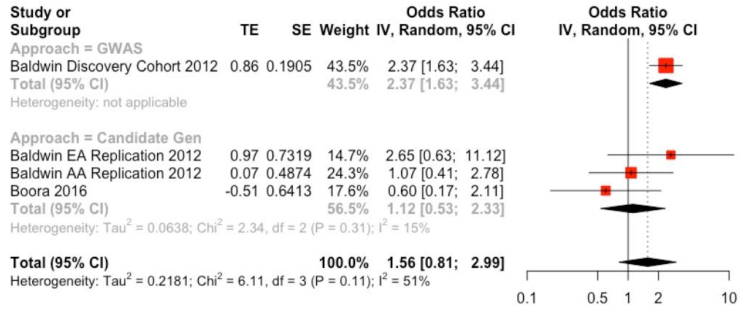

***Supplementary Figure S25**. XKR4 meta-analysis, stratified by SNP.*

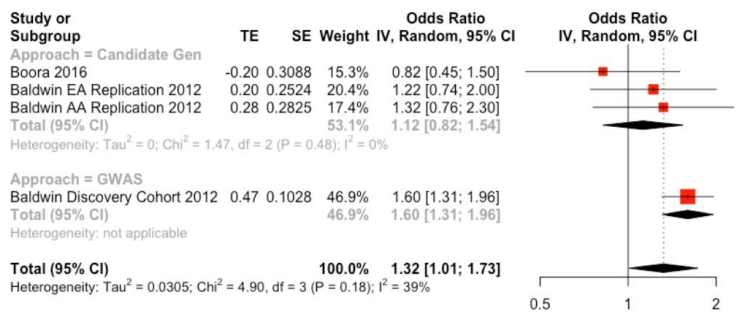

***Supplementary Figure S26**. ABCB1-rs1128503 subgroup analysis, stratified by ethnicity.*

***Supplementary Figure S27**. CACNB2-rs1694878 subgroup analysis, stratified by approach (genome-wide association study or candidate gene approach).*

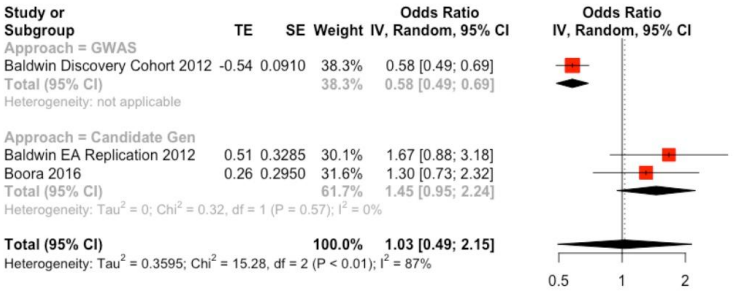

***Supplementary Figure S28**. CAND1-rs17781082 subgroup analysis, stratified by approach (genome-wide association study or candidate gene approach).*

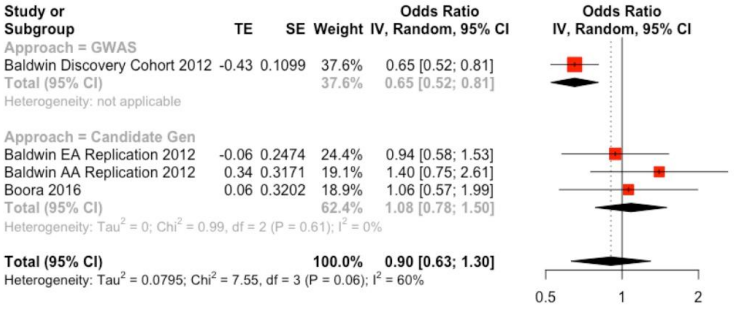

***Supplementary Figure S29**. FZD3-rs7833751 subgroup analysis, stratified by approach (genome-wide association study or candidate gene approach).*

FZD3-rs7833751

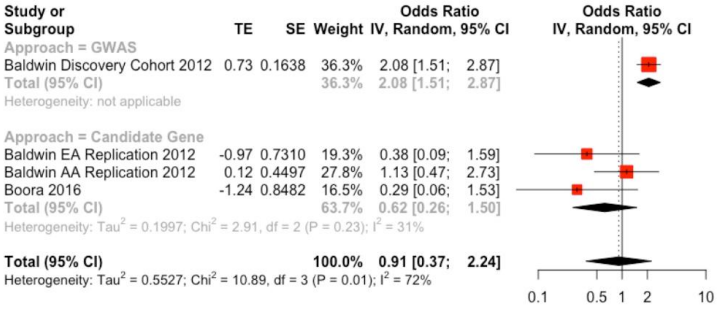

***Supplementary Figure S30**. NDRG1-rs2233335 subgroup analysis, stratified by approach (genome-wide association study or candidate gene approach).*

NDRG1-rs2233335

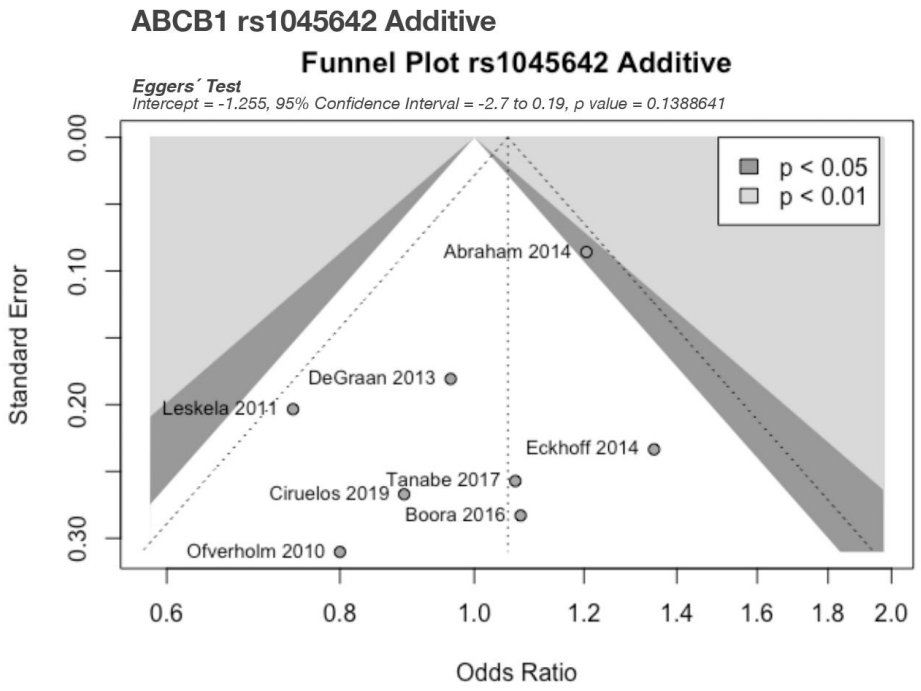

***Supplementary Figure S31**. PITPNA-rs16916932 subgroup analysis, stratified by approach (genome-wide association study or candidate gene approach).*

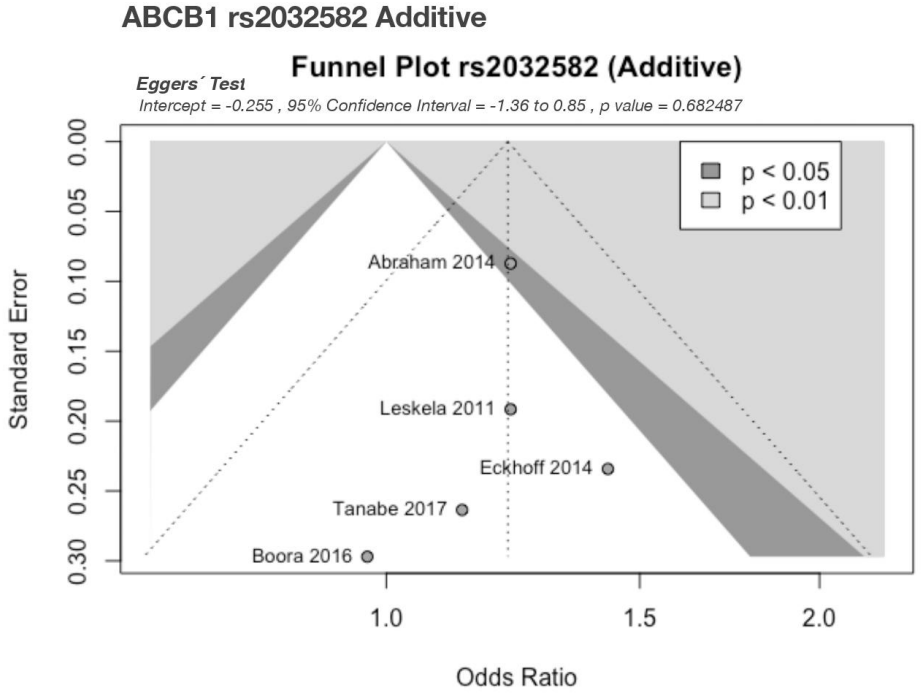

PITPNA-rs16916932

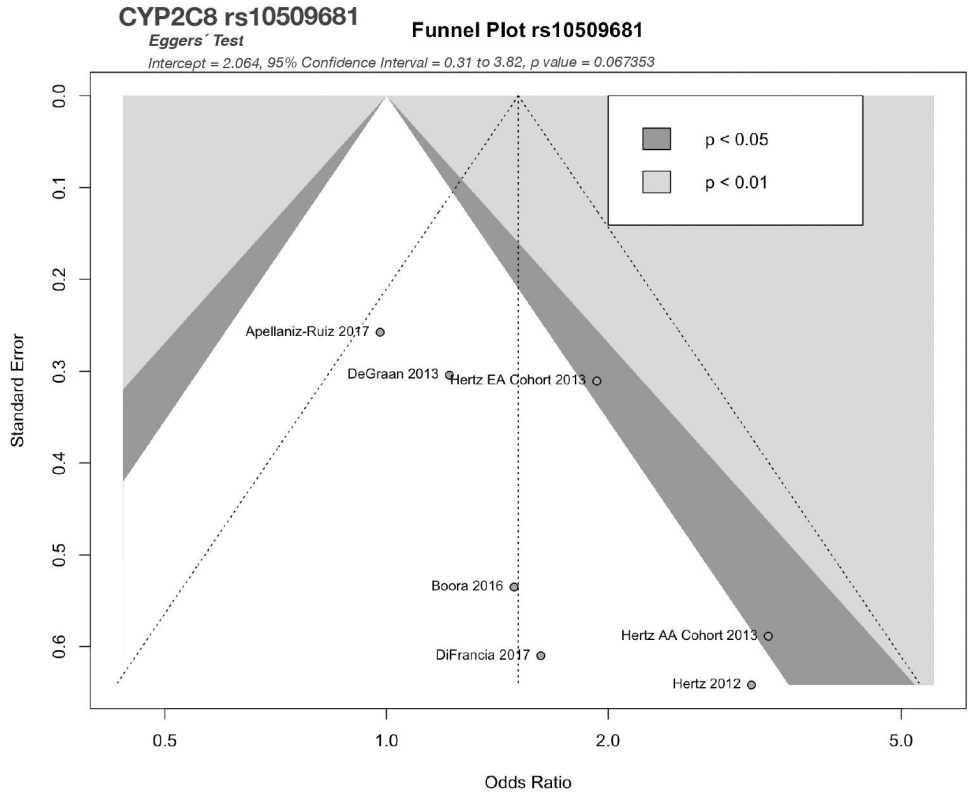

Supplementary Figure S32. *ABCB1-rs1045624 funnel plot and Egger's regression asymmetry test. Only studies using the additive genetic model were considered.*

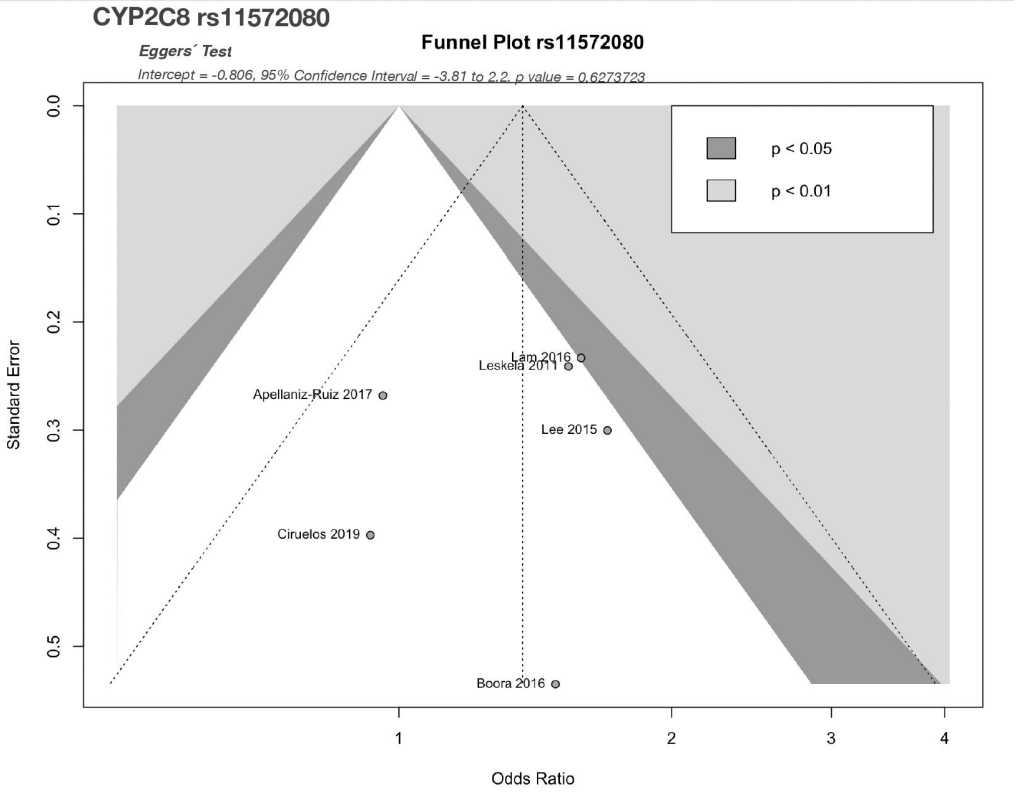

Supplementary Figure S33. *ABCB1-rs2032582 funnel plot and Egger's regression asymmetry test. Only studies using the additive genetic model were considered.*

Supplementary Figure S34. *CYP2C8-rs10509681 funnel plot and Egger's regression asymmetry test.*

Supplementary Figure S35. *CYP2C8-rs10509681 funnel plot and Egger's regression asymmetry test.*

Supplementary Figure S36. *EPHA5-rs7349683 funnel plot and Egger's regression asymmetry test.*
